How to become a roadside assistance technician in Connecticut

What roadside technicians do, the lockout rules to know, and how to find roadside jobs in Connecticut.

Sources verified 2026-11-21 - Updated 2026-11-21

1 What roadside technicians do

Roadside technicians jump start batteries, change tires, deliver fuel, unlock vehicles and help stranded drivers, often beside traffic.

2 Qualifications

You need a valid driver license and a driving record your employer accepts.

3 Lockouts

Locksmiths register with the Department of Consumer Protection, but employees of towing services and auto clubs who open car locks in the normal course of business are exempt if they do not advertise as locksmiths.

Requirements at a glance

Locksmith exemption for towing and auto club employees

Required in some cases - State - Connecticut Department of Consumer Protection

Employees of towing services and of automobile clubs may open automotive locks in the normal course of business without locksmith registration, as long as they do not hold themselves out to the public as locksmiths.
