How to become a salvage yard technician in Connecticut

What salvage yard technicians do, the safety rules they follow, and how to find salvage jobs in Connecticut.

Sources verified 2026-11-21 - Updated 2026-11-21

1 What salvage yard technicians do

Technicians receive vehicles, drain fluids, remove batteries and parts, inventory parts for sale and prepare hulks for recycling at DMV-licensed recyclers.

2 Safety

Handle fluids, batteries and refrigerants carefully and follow your yard's environmental procedures. Your employer must train and evaluate you before you operate a forklift.

3 Licensing

We found no Connecticut license for salvage yard workers.

4 Find jobs on NCC
