LICENSES, PERMITS & CERTIFICATIONS - CONNECTICUT

Connecticut mobile mechanic licenses and requirements

When mobile mechanics need a DMV repairer license, which services are excluded, and the tax and A/C rules in Connecticut.

Sources verified 2026-11-21 - Updated 2026-11-21

1 The rules at a glance

- Form the business and get a sales tax permit
- Repairs: DMV repairer license with a facility and $25,000 bond
- Not repairs: oil and fluids, tires and tubes, batteries, bulbs, wiper blades, drive belts
- Sales tax on repairs and parts
- EPA 609 for A/C work

Requirements at a glance

Form the business and file a trade name certificate if needed

Required - State - Connecticut Secretary of the State; your town clerk

LLCs file a Certificate of Organization with the Secretary of the State (corporations file their own formation documents there). A business using a name different from its owners' names files a trade name certificate with the town clerk, which the DMV asks for on license applications.

Fees: LLC Certificate of Organization: $120.

Official application: https://business.ct.gov/knowledge-base/articles/domestic-limited-liability-companies-forms-and-fees

Sales and Use Tax Permit

Required - State - Connecticut Department of Revenue Services

Register with the Department of Revenue Services for a Sales and Use Tax Permit before you make taxable sales. The general rate is 6.35%. Permits are valid for two years and renew automatically if your returns are filed. The DMV asks dealers, repairers and recyclers for a copy of the permit.

Fees: $100 application fee. Doing business without a permit: $250 penalty for the first day and $100 for each following day.

DMV repairer license (ask about repairs at customer locations)

Required - State - Connecticut Department of Motor Vehicles

Repairing motor vehicles for consumers requires a DMV dealer or repairer license, and the license requires a suitable facility (a building that can take at least one vehicle, an office and parts storage). Ask the DMV Dealers and Repairers Unit how it treats repairs done at customers' locations under your license.

Fees: $140 nonrefundable application fee; repairer license $340 for two years; plates $140 each plus $5 safety fee (K-36, revision 07-2026).

Oil and fluid changes, tire changes, and installing batteries, bulbs, wiper blades or drive belts are not repairing under CGS 14-51 and do not need a repairer license.

Collect sales tax on repairs and parts

Required - State - Connecticut Department of Revenue Services

Motor vehicle repair services, including any repair or replacement of operating parts, are taxable.

EPA Section 609 certification for air conditioning work

Required in some cases - Federal - U.S. Environmental Protection Agency

Required to repair or service motor vehicle air conditioning systems for payment or bartering.

Frequently asked questions

Do I need a license to do mobile oil changes in Connecticut?
No repairer license is needed: state law says adding or changing oil and fluids is not repairing.

This guide is general information, not legal advice. Rules change and can depend on your city or county, so confirm with the official agencies linked below before you apply.
